

5th Grade Choir

Google Classroom page has been created. You student has been invited in their email or they can join using this code: **7hnebc4**

Work on this project over the next three weeks.
April 13th – May 1st

Soundtrack of your life:

Create an imaginary album that shows who you are. Make a list of existing song titles. Choose songs that describe different aspects of your personality/life. Design/draw an album cover to go with it. *On a separate sheet of paper explain why you chose each song.* Here is an example of what your finished project could look like. This is the Lion King however, yours is going to be from all different artists, shows, etc.
